

One pager to support your child's teacher

Here is a template of a one-page description for you to complete and give copies to your child's teachers.

No one will know your child better than you so writing out this information should help teachers understand your child and therefore help them in class.

Date of preparation: March 2020

Student view Parental view	
What are you good at? What do you least enjoy? What should we know in order to	
best support your child in school?	
What makes a good lesson and what makes a bad lesson for you?
